2nd Suit Set On Kiln Road

A second condemnation proceeding to secure easements for the proposed new Rt. 603 (Kiln Road) was authorized by the board of supervisors Wednesday as county officials endeavored to meet next Monday's deadline set by the state highway department. The latest suit was directed against Mrs. Lawrence Hart with whom supervisors had been unable to reach agreement. Earlier, proceedings were instituted against Mr. and Mrs. George Armstrong.

All five of the supervisors appeared optimistic about securing by Monday two or three other easements which have not yet been signed. Board Attorney Sam L. Foye Jr. told the board at its meeting last Monday that he had been working day and night on the case for some time and he wished the public would understand the complexity of the undertaking. He observed that the many years Thanksgiving week has been his one vacation but that was not the case this time.

The board accepted a bid from Earl Ramond to supply a 12-pound washer at \$239.95 and a 10-pound dryer from W. A. McDonald and Sons at \$139.50 for the county home.

Ramond bid on eight, 10 and 12 pound appliances while McDonald priced 10-pound equipment. Stevenson Electric bid on 8 to 10 pound pieces. Noting that heavy laundry had been a problem at the home for some time the board elected to take the larger washer and to use McDonald's dryer.

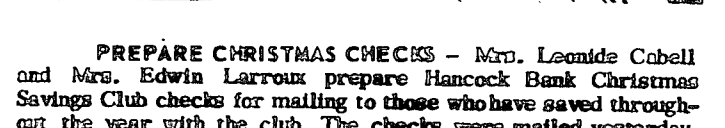

Jan. 16 at 9 a.m. was the date fixed to receive proposals from the engineering firms invited to submit their plans for an industrial survey of the county.

Other matters before the board Wednesday included authorization for payment of a bill from the Mississippi Forestry Commission for 16th Section Timber Land Sale work. Amount of bill was \$394.67.

Thomas O. Logue, administrator of Hancock General Hospital, presented an audit for the fiscal year ending Sept. 30.

Logue requested authorization to construct a 15 x 20 concrete block building to house the

Yule Savings Club Checks Are Mailed

Christmas Savings Club checks totaling \$485,974.45 were mailed to 5,614 coast homes yesterday by Hancock Bank and Merchants Bank and Trust Co. Hancock Yule club savers,

5,314 of them in the bank's six offices, will receive \$460,374.45. The amount of savings and number of club members for 1960 broke the previous high mark set last year of \$434,544.13 distributed to members. The bank has been promoting the clubs since 1950 with an increase in participation every year. Since 1949 the club has increased its annual volume by over \$250,000.

Marchmont Bank mailed checks totaling in excess of \$25,600 to 300 club members. This is an increase of \$6,000 over 1959. W. L. Johnson, assistant cashier, said.

Bank officials note that the Christmas savings club idea is increasing in popularity and that today it is used not only for Christmas savings but also to save funds for many, year end

Money is Tight In County Fund

Eye \$50,000 Street Project

A \$50,000 street improvement program is in the planning stage at no cost to the taxpayer, Mayor John Scaife announced at a meeting of Bay St. Louis City Commission Monday.

He explained that funds for the program are available in the surplus of the natural gas department, thereby eliminating a tax increase or a bond issue to finance the expenditure.

C. L. Mobley, assistant county engineer, is making a broad survey of the streets tentatively included in the plan. The mayor observed that the cost of all the streets listed probably will exceed the allotted \$50,000, but, in the event it does, the most widely traveled streets and those requiring immediate resurfacing will be given priority.

It was not learned when the program would begin but the mayor noted that the results of the survey would determine the date.

Mrs. James R. Shadoin, manager of Hancock Insurance Agency, presented a group accident income protection plan prospectus. City Attorney Dan M. Russell Jr. advised that council would be permitted to enroll in such a plan under Sec. 5647 of the State Code. No decision was reached.

Sheriff Orders Tag Crackdown

A crackdown on Hancock County auto owners who have not purchased their 1961 license plates will begin Saturday, Sheriff Gerald V. Price ordered Wednesday.

Offenders face maximum fines of \$25 plus costs, must buy their tags immediately, and also pay a 25 percent late penalty. The order includes local residents who have improper out of state license plates.

The Highway Safety Patrol has been ordered to pick up all cars bearing old license tags. Patrolman Fred Curea said Wednesday. Road block will be set up, he added. Curea reported no area highway accidents during the week.

Planning Body Meets Friday

City Planning Commission will meet at 5:30 p.m. Friday in the City Hall to vote on the proposed curb violation regulations and to set a date for a public hearing on the regulations.

H. Hardin Shattuck, chairman, said all members of the commission are being urged to attend the brief meeting to voice their vote on the proposal. Mayor John A. Scaife is expected to call the hearing for sometime in December.

THEY MEET - The members of the Sea Coast Echo met today and tomorrow in observance of Thanksgiving.

A tight money situation in the county general fund caused the board of supervisors to table a request from Civil Defense Director Clarence Lader to purchase mobile communication equipment with civil defense matching funds.

Chancery Clerk Claiborne Lader reported that if expenditures from the fund continue at their recent rate, it will hit \$108,000 for the year whereas the budget calls for a \$84,000 outlay with \$86,000 in anticipated revenue.

He and Board President R. G. Hubbard Jr., noted that bills for the first month of the year fiscal year had just been paid and \$16,000 of a \$20,000 loan had been spent. The fund ended fiscal 1960 \$20,000 behind.

Sheriff Gerald V. Price who backed the civil defense director's purchase suggestion expressed the hope that when the settlement of automobile licenses is made the figure will be substantially over that of last year. The settlement is due this month and while Price could make no estimate of receipts he said his office had sold better than 4,000 tags already.

Hubbard suggested waiting until the license receipts come in to decide what to do about the equipment. He went along, however, with Lader's request to purchase a generator to use at the Courthouse in event of power failure in a disaster.

It was noted that two big sessions of court anticipated in 1960-61 would consume quite a bit of money and the recent presidential election cost \$900.

Clerk Lader listed recent general fund expenditures as \$10,000 for April, \$26,000 for May including a \$20,000 loan, \$8,000 for June, \$9,000 for July, \$9,000 for August, \$10,000 for September and \$9,000 for October.

Purchase of the generator is a prerequisite to allocation of state and federal assistance for any mobile communication equipment.

Drive-in Bank Set

Miss Ethel Cox, executive vice president and acting president, and Joe B. Burrow, cashier and operating head, of Merchants Bank and Trust Co., confirmed yesterday that the bank will soon establish a drive-in branch in Waveland. This has been rumored for a long time.

Property adjacent to Eileen's Dress Shop on Coleman Avenue has been purchased from Delmar Wilcox, the bill of sale being completed Friday, and plans have already been prepared by Dabolt-Keopke and Associates, architect.

Dr. Evans Speaks

Dr. James Evans, charter member of the local club, yesterday told the Bay St. Louis Rotary club of the organization's history and meaning. Walshland agreed to put up \$500 if the public would contribute the balance.

After Wilson inquired of the board what to do about uniform pillings for which property owners might have future plans, the supervisors directed that Dr. Dick and the Beach Improvement Assn. check with the two or three parties involved before Wilson starts removing them.

The contractor also is to get permission from the Army Corps of Engineers district office at Mobile for the necessary dynamiting. He is expected to check his performance bond and liability insurance today with Sam L. Foye Jr., attorney for the supervisors. Wilson was directed to leave in place the pillings marking the deep water channel as a precaution for swimmers.

Supervisors also requested Walter Little of New Orleans to appear Nov. 28 in connection with property he owns on DuBuc Lane, north of the Waveland depot. A recent survey made by Roland Weston showed a dedicated county road runs through the tract but it is fenced off and closed.

Contributors to the project, announced by W. R. Gordon, treasurer of the beach group, are American Legion Post 139, Marvin N. Andrus, W. P. Baker, Herbert Baron, E. M. Brignac, N. L. Seek 2 Women in Burglary

Two former Tennessee women are being sought by local authorities for the burglary of the home of Milton Bozeman, Harbor Estates.

Sheriff Gerald V. Price reported that the burglary, resulting in the loss of about \$800 in household furnishings and office equipment, occurred sometime either last Wednesday or last Thursday while Bozeman was out of town.

The women, Lois Dyer and Evelyn Neese, both about 26, escaped in a 1956 Chrysler automobile belonging to Leroy Dahl, Bay St. Louis. Sheriff Price said he and Deputy Roland La Fontaine and Norvin Penrose found the car abandoned at the bus station in Pearl River and learned from the manager that the two women had bought tickets to New Orleans.

No further trace has been found of the fugitives but Sheriff Price said he had requested the two leave Bay St. Louis about six months ago because they were charged by him as undesirable.

Santa Rosa Man Held at Hospital On Theft Charges

A 21-year-old Santa Rosa man has been charged with armed robbery and auto theft after robbing Mrs. Clinton Seal's store there last Thursday.

Bobby Owen Bozar was apprehended by Louisiana trooper Julius Willie after a chase involving speeds up to 105 miles per hour. Trooper Willie witnessed the crash of the Seal's 1959 Chevrolet, in which Bozar escaped, on U. S. 190 near Abita Springs, La.

Bozar was confined to Covington General Hospital with several fractured ribs and a fractured hip. He waived extradition and was returned to Bay St. Louis last Friday where he is confined, under police guard, at Hancock General Hospital.

Only \$76 of the \$200 plus taken in the robbery has been recovered. Sheriff Gerald V. Price theorized that some of the money could have been lost in a fire resulting from the automobile accident.

A faculty meeting took place Tuesday afternoon and students were dismissed at 2 p.m. Wednesday classes dismissed at 11:30 a.m. and will resume Monday morning. Many St. Joseph boarders went home for the Thanksgiving holidays.

Sandra Seuzeneau, Bettye Noto and Jewel Bilbo, seniors, attended a party in New Orleans Wednesday night at the Knights of Columbus Hall in Gentilly given by Jeri Gravoit, former student of S.J.A.

Cost Electric Service Plan is Approved

Cost Electric Power Assn. has been granted the right to con-
duct serving specified areas in
Harrison, Pearl River
and Rank counties.

The right was granted by the
Mississippi Public Service Com-
mission effective Nov. 15 based
on application filed by Cost
Electric Sept. 28, 1956. The
terms of the order followed a
hearing on the application held
in Jackson.

The area was cleared for the
approval after the Mississippi
Power Co. removed objections
previously filed against Cost
Electric being designated to
serve the areas. Mississippi
Power company said it had reach-
ed a tentative agreement with Cost
Electric on the geographical de-
scription of the area being cer-
tified to Cost Electric.

The area does not include any
territory within the corporate
limits of any municipality
as stated on the date of the or-
der, but the order shall be con-
sidered to affect the right of any
entity to continue serving any
customer that it was legally serv-
ing on the date of this order.

Shoulda Gone Fishin' Tigers Champs Again

BY EDDIE ENGELHORN

Bad weather and bad tide made for bad fishing this week in most local spots but specks continued to strike in the Louisiana marshes. Sportsman's interest now is centered on the opening of the hunting season. The season on ducks and geese has been open for some time but with the limit on ducks being reduced to three a day this year hunters complain it is hardly worth while. Anyhow, quite a number are getting their quota.

Season on deer opened Monday and quite a few reports were received from sports saying that plenty have been seen, especially around Lumberton but they have also been seen on the Kilm Road.

Although this was written before the opening of the quail season Wednesday excellent weather conditions were indicated Tuesday and most local merchants will desert their places of business and head for the woods to bag away at the bobwhites. Hope no one gets hurt.

He Cannot Tell a Lie

Bill Pinson of Bill's Fishing Camp on Bayou Caddy says he hates to do it but has to tell the truth. As of Tuesday hardly a fish had been caught since last Thursday in the Bayou Caddy vicinity but those going out to the Louisiana marshes had much better luck. Low morning tides were the cause of bad fishing most camp operators believe. Also the tides have been moving too fast. He said he is loaded with live bait but doesn't know how long it will last. The travel boat came back empty Monday.

Fishing out of Bill's camp Sunday were three boatloads of people from Bogalusa, La., who all came home with their chests full of fish. Guess he means ice chests. They were Mr. and Mrs. Daleo Knight, Mr. and Mrs. Gates and Walter Givens and party.

Tom Arnold complains that his eyes are getting too bad to see that cork dip under the water but it doesn't stop him from being one of the best fishermen in the area, we hear. We have seen him sling a shuffleboard puck and nothing seems wrong with them then, either.

Milo Necaise of Mississippi Power Co. entertained his friend Frank Pike, manufacturing firm representative, on a successful fishing trip up the Jordan recently. They got 68 specks in the mouth of Bayou La Croix on live bait. Must have been more than a week ago.

We hear Buddy Cure, operator of Bayou Caddy Fishing Camp at the end of the road, is back at work after an operation. Missed a lot of good fishing, Buddy.

Sylvia Yost of Clermont Harbor got a mess of green trout recently. The cat ate Al Landry's shrimp but he still managed to bring home a bushel of speckled trout and flounders and that's what we call a good fisherman.

Deer Hunting Buddies

Professor Ingram of Mitchell Realty and Frank Quintini have been going deer hunting together for years with their old friend George Woods but it seems George has deserted them and left town. Prof. and Frank are making plans, however.

Jack Budd says he bets there will be plenty of fowl play on season opening day. Asked to give us another name for duck he replied "doctor." "Huh?" we said. "You know, quack," (ouch).

Dan Dentaguan hasn't been fishing in a week. We know because Bill Pinson says he has his tackle and boat at his camp. Must have been too tired to lug it home after the last fishing trip.

Bernard Farrelly, manager of Bay-Waveland Yacht Club, says he went up the Jordan Monday — no good but last week he got a 10-pound redfish and some specks. Partners were Charles Lozano and Col. Nunez Pile. Bernard says he saw Will Lozano with a catch of 20 specks caught Tuesday in front of the yacht club.

Hayward Lader of Scaffidi Brothers P and D Service Station, scorekeeper for North Central's basketball games, helped us get statistics on all the Hawks' games last year and is a life-saver this year. For some reason the schools seem to try to keep the names of high scorers and other statistics a secret.

Bowling Leagues Busy

Mr. and Mrs. Gangardo are residing in an apartment in the rear of their new business for the present time.

BHS Paced Conference In Statistics

Showing their championship spirit Bay High won its second consecutive Gulf Coast Conference title from Long Beach 7-0 Friday night in Statelands Stadium.

Records released Tuesday by Bay High Principal Donald Caldwell revealed that during the six conference games of the regular season the Tigers led in every department except one, net yards passing. Bay High led all conference teams in first downs with 61; net yards rushing with 1,520; opponents net yards rushing, 508; opponents net yards passing, 265; total points scored, 164, and least points scored against, 13.

In individual averages Lester LaFrance took three honors. He was high ball carrier with an average of 7.8 net yards per carry, second in number of points scored with 43 and second in net yards rushing with 540.

Ronnie Peterson was second with conference total offensive yards with 664 while Jim Mayfield took second passing honors with 476 yards of 14 hits for a 34.0 average. Top man was Bruce Mohler of Ocean Springs with a 34.9 average.

The Tigers have won the conference title both years of its existence, each time beating Long Beach. They defeated the Bearcats 30-19 for the title last year and 13-6 in a regular game earlier this season.

In the playoff game Bay High got off to an early start and it appeared the Bearcats were in for a bad night when they marched 80 yards highlighted by a 30-yard pass from quarterback Ronnie Peterson to end Paul Miller. After two handoffs to Bobby Van Calsem, quarterback Ronnie Peterson executed one of the Tigers' most successfully used plays faking to Van Calsem to sneak in part of the Bearcats' line while Lester LaFrance plunged through the hole to score from about the four-yard line. LaFrance carried the pigskin around left end for the extra point.

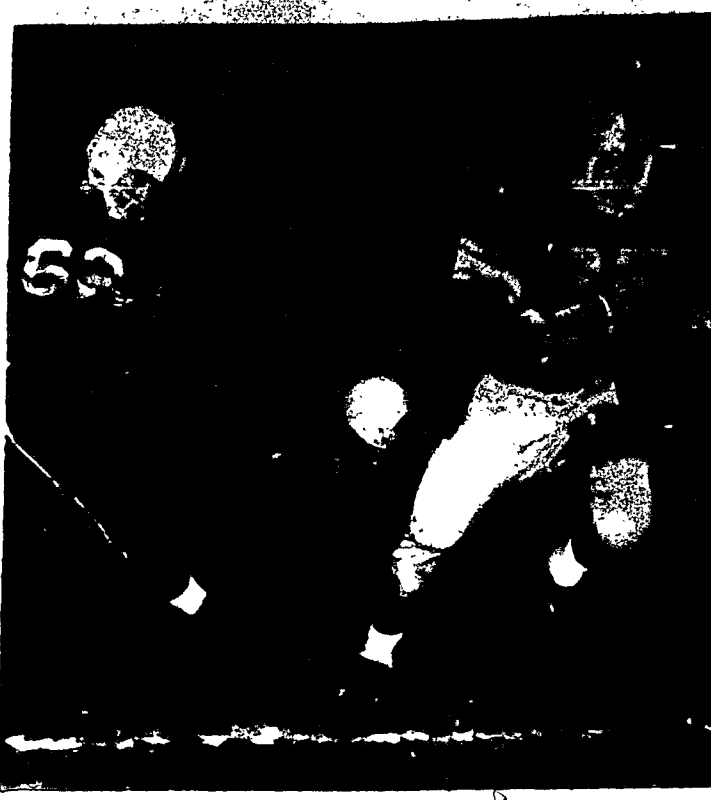

Long Beach fought back gamely and three times were within the shadow of the Tiger's goal post but were unable to penetrate a strong Bay High defense.

At the final whistle the Tigers' NOTICE OF FEDERAL INJUNCTION

Against Hunting, Trapping, Fishing and Trespassing on Lands of THE IWANTA COMPANY

Notice is hereby given that the United States District Court for the Eastern District of Louisiana in Civil Action No. 5515 issued a permanent injunction on February 8, 1956, enjoining and prohibiting the defendant therein and others, from hunting, trapping, fishing or otherwise trespassing upon the lands of The Iwanta Company located in St. Tammany Parish North and South of Highway 90 between East Pearl River and West Pearl River and more particularly described in said injunction judgment.

Persons trespassing upon the above described lands of The Iwanta Company will be proceeded against before the United States District Court for the Eastern District of Louisiana THE IWANTA COMPANY 10/6 thru 1/5

were at the Bearcat five-yard line headed for a possible clincher.

Van Calsem led the ground attack with consistent gains throughout the game while the passing of quarterback Peterson accounted for some spectacular plays. Jim Mayfield led the defensive team.

The Tigers played most of the game without star tackle Gregory Necaise who had to be replaced in the second quarter because of multiple fracture of his arm.

The two squads were even on first downs with 13 each. Net yards rushing, Bay High 206, Long Beach 121; passing Bay

High 70, Long Beach 104; punts, Bay High 4-147, Long Beach 1-40; punt returns Bay High none, Long Beach 1-15; kickoff returns, Bay High 1-15, Long Beach 2-32.

Peterson gained 91 yards on 16 tries rushing; LaFrance 19 on 8; Van Calsem 76 on 20; Glen Blatze 20 on 6 while Mayfield punted 147 yards on four tries. Peterson got 70 yards on four out of six pass attempts.

Gold Jays

Breeze Past D'Iberville

St. Joseph Academy's Gold Jays took a doubleheader from D'Iberville Saturday at D'Iberville, the varsity breezing 52-18 and the junior varsity 35-16.

Forward Faye Monti, playing both games, scored 100 per cent of her shots getting four in the opener and eight in the nightcap.

The varsity had little trouble downing the D'Iberville lasses getting 13 points in the first quarter, 10 in the second, 12 in the third and winding up with 17.

Mary Jo Krieger got 25, Judy Favre 14. In the opener Susie Rhodes got 12, Bonita French 8, Yvonne Artigue 7 and Faye Monti 4.

Rebels Trip Hawks

Although displaying Harrison Central on the floor Hancock North Central went down to its first defeat of the season Saturday night 66-60 on the Hawks' own hardwood.

The Hawksmen fared better and won the opener 54-51.

The Hawks were hampered by free throws and the inability of their star shooters to hit the bucket. It is still early in the season, however, and Coach Billy Sills said the lads haven't reached their peak.

Harrison Central got off to a 15-10 lead in the first frame but the Hawks evened it up in the second and lead 27-24 at half time. The Red Rebels rallied in the third period while the Hawks couldn't find the basket and took the lead 46-38 going into the final quarter and were never headed.

Berlin Necaise, who has looked even better this year than last, was high scorer for North Central with 21 points. McCoy Peterson had 13, Douglas Necaise 12 and Calvin Shaw 10.
